

EDUCATE. ENGAGE. EVERYONE.

Human Life Action is a project of **National Committee for a Human Life Amendment, Inc., (NCHLA)**. Since our founding in 1974 by the Catholic Bishops we have:

- Enabled the grassroots to advocate at the federal level for pro-life legislation;
- Created pro-life legislative networks to assist dioceses, state Catholic Conferences, and Catholic lay groups and;
- Worked closely with the Secretariat for Pro-Life Activities of the United States Conference of Catholic Bishops in support of their pro-life legislative agenda.

In the great civil rights struggle to secure the right to life for all, Human Life Action strives to:

Engage

Human Life Action (HLA) sends federal legislative action alerts on pro-life policy requesting grassroots action. HLA makes it easy for you to stay on top of key pro-life legislative initiatives and to contact your elected federal leaders with messages that build the culture of life and advocate for policy that protects human life and liberty.

What can you do for Religious Liberty and Life right now?

The Conscience Protection Act of 2017 will protect health care providers from being forced to pay for or participate in abortions, and allow victims of discrimination a “right of action” to defend their rights in court. **Click the “Take Action” button at HumanLifeAction.org** to contact your members of Congress and raise your voice for religious liberty. We will keep you updated and connected as we urge Congress to enact the common-sense conscience protections for prolife health care providers.

Never again miss a chance to be a voice for the voiceless.

Everyone

Human Life Action believes in the inherent dignity of every life and the power of every American to raise his or her voice in defense of the vulnerable. When thousands upon thousands of people of good will raise their voices as one we are heard on Capitol Hill.
