Dear Senator,

The new Congress should come together to respect life and religious freedom. Please support and strengthen laws that (1) prevent federal funding and promotion of abortion, and (2) protect rights of conscience in health care. Government must not force Americans to violate their religious and moral beliefs on respect for life when they provide health care or sponsor or purchase health coverage. As your constituent, I would appreciate a written response telling me how you will vote on these matters.

Respectfully:
